Karate

Our program combines two crucial courses into one, Sanchin-Ryu Karate & Self-Defense and Project Secure Child (child safety). Students will be trained with proven, age-appropriate techniques that are necessary for kids to protect themselves from attackers. This program is set in a fun, yet structured, environment which will give your child a positive outlook on learning a martial art. We focus on healthy attitudes versus perfection! Participants will achieve strategies, drills and exercises they are lead through. An ongoing course, where students have the opportunity to continue their education in the same location with no hidden fees!
